## WORK EXPERIENCE

<b>Frontend Developer Internship</b>	September 2024 - November 2024 (150 hours)
Hooli Software	
➤ Contributed to my team's project by resolving simple bug tickets using ReactJS, such as fixing missing icons and implementing toaster notifications. This experience enhanced my skills in navigating large codebases with hundreds of folders and thousands of functions.	
<b>Backend Documentation Internship</b>	August 2024 - September 2024 (100 hours)
Hooli Software	
➤ Created detailed API documentation using Swagger for both my own operations and numerous pre-existing ones within the project. This role improved my ability to document complex backend systems effectively.	
<b>Backend Developer (OJT)</b>	June 2024 - August 2024 (250 hours)
Hooli Software	
➤ Developed CRUD operations for the administrator system in the team's project using Golang and DynamoDB. Focused on delivering robust backend functionalities to support the project's upcoming features.
